

Why Refi? We Have Your Top 5 Reasons

Reason #1

Lower your rate & save

If your home is financed at a higher rate, consider refinancing to potentially save thousands of dollars or lower your payment.

Reason #2

Shorten the term of your loan

Compare a 15 year term vs. a 30 year term. You may find out your 15 year term's monthly payment might not be that much more.

Reason #3

Lock in your rate

Move from an adjustable-rate mortgage to a fixed. Locking-in could protect you from possible rising rates in coming years.

Reason #4

Cash out for what you need

Cash out the equity in your home and use toward home improvements, pay off debt, or use toward a wedding or vacation.

Reason #5

Peace of mind

Enjoy peace of mind knowing we'll service your home lending needs for the life of your mortgage.
